OUR GUARANTEES

- Responsiveness and flexibility to suit your production schedules
- Quality Control for your products, reliable deadlines, and traceability of your flows
- Constantly seeking to optimize your supply chain and your costs

OUR EXPERTISE

- **Multimodal transport** and overseas logistics solutions to allow you to connect your production sites quickly and effectively, and insure the distribution of your products throughout the world.
- **Consolidating** your single or multiple procurement flows: multi-country and multi-supplier
- **Quality control** to insure your supply chain is reliable: supplier factory audits, production monitoring, verification of goods before loading, laboratory tests, obtaining standards

Background task inspections on Bansard logistics platforms.

- **Logistics services:** reception, cross-docking, consolidation / de-consolidation, warehousing, palletising, container loading

- **Order picking:** piece picking, sorting by reference, multi-reference packages, conditioning, labelling.

- Provision of tools and **monitoring dashboards** for full traceability of your shipments.
- **AEO certified**, management of the **documentary and regulatory aspects** of your shipments. In-depth knowledge of the regulations affecting your products according to country.
- **AIR FREIGHT** charter flights.
- Specific **maritime transport** to all destinations, for all goods, industrial projects.
- **Multi-party operations**, known as "triangular" operations: implementing all the necessary operations and procedures: taxation, customs, documentary, transportation and logistics aspects.
